

# Hard to read? Maybe we can help.

If you or someone you know is struggling to read everyday information due to sight loss, we can turn it into audio –

**FREE OF CHARGE.**

It could be a printed letter, a leaflet, information from the Council or a sight loss charity, or from the doctor or dentist; it could even be something of interest that's only online. Whatever it is, we will do our best to produce an accessible and accurate audio version.

If we can help, please:

- email us at **info@infosound.org.uk**
- leave us a message by phoning **03000 111 555**

Infosound is an all-volunteer British charity, registered in England and Wales (no. 1142082) and in Scotland (no. SC039929).
